Archery GB's Club Development Programme

We want to grow the sport and increase the number of people who have access to archery. We believe archery is a fantastic sport and unique in the way it allows young and old, able-bodied and disabled to shoot and compete together

As part of our commitment to Archery and the development of our members, Netherhall Archers is part of Archery GB's OnTarget development programme.

The Archery GB **Club Development Programme**

Netherhall Archers

Based in Cambridge, we are a vibrant club, open to all, with a friendly and welcoming atmosphere.

Shooting all year round (indoors in the winter season) with fun shoots, social events and tournaments. Netherhall Archers truly is a club with something for everyone.

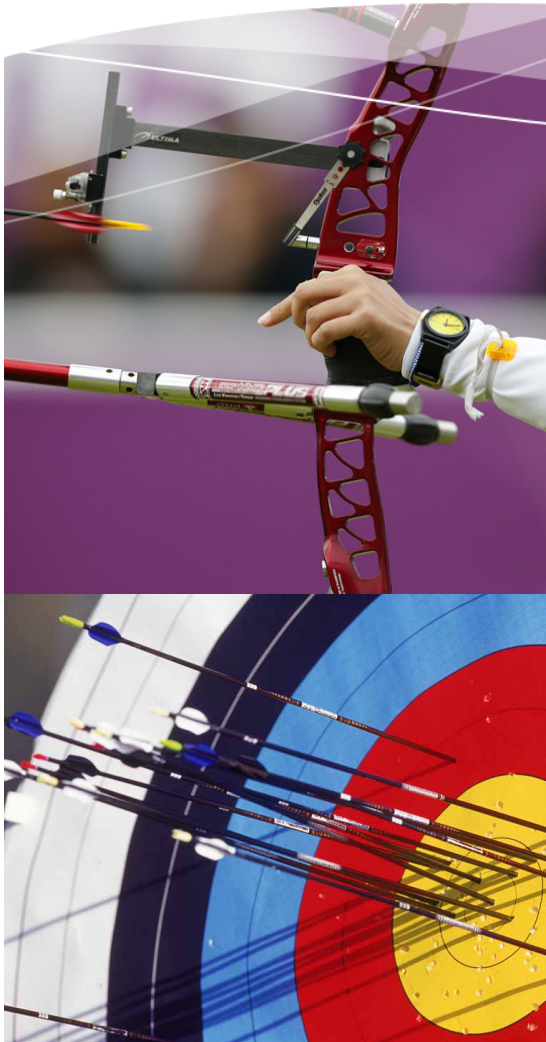

Netherhall Archers

Becoming a member of Netherhall Archers

Beginners & seasoned archers

The normal route into the club for those who are new to archery is via one of our own beginners courses. These follow a nationally approved syllabus and are run by the clubs own coaches who are trained and licensed by Archery GB the national governing body.

For those who are already members of a club, or have been members of Archery GB in the past, we offer a 'fast-track' to club membership through a simple one-on-one archer assessment with one of our club coaches.

Commercial operators

Another alternative is to complete a course with one of the several archery companies who offer beginners courses run to the same standards as ourselves, then approach us for direct membership. Although not recommending any one operator, the following companies offer courses which are run by qualified and licensed coaches:-

Grey Goose Archery:
